This Annual Directory is Dedicated to

Ronald Leavesley

Retired President of the
Friends of the Kinnelon Public Library
and Continuing Life Learning Boards

Since 1994, Ron has demonstrated his commitment to the library's mission, goals and objectives in meeting patrons, students, and community needs. He has planned, implemented, and evaluated the many programs, activities, and fundraising events in support of the library.

Under his leadership, there is a long list of successful events and activities he initiated through the years. Continuing Life Learning (CLL) classes, bus trips, membership drives, book sales, theater events, craft fairs, art exhibits and shredding fundraisers to name just a few. We all agree it has been a rewarding experience in having Ron as Friends and CLL president, not only for the library, but for all of us who have had the gift of volunteering with him.

We wish you a well-deserved retirement and our never-ending gratitude for your commitment and dedication to our community.

Thank you,
Your Friends and Neighbors of the Kinnelon Community

ATTENTION: HOMEOWNERS

PLANNING ANY ALTERATION OR CONSTRUCTION PROJECT

All Kinnelon homeowners **are required to have a building permit** before starting any alteration or construction project on their property. A zoning variance may also be needed. Please abide by the following:

1. **A building permit must be obtained before starting construction** on a house, deck, garage, pool, or accessory building. A permit is also required for oil tank removal, abatement, oil-to-gas conversion, etc. Depending on the project, other permits may be necessary.
2. **Smoke Rise residents must obtain additional permits** from the Smoke Rise Architectural and Variance Committee. Please call them at 973.838.7449 before you start any work.
3. **A zoning variance must be obtained if** a proposed structure affects the Borough's Zoning Ordinance(s). For example, a zoning variance is required if your project approaches property boundaries more closely than allowed by the Borough code or exceeds the allowable height.
4. **Our Department Officials must complete all inspections** of your project before we issue a Certificate of Occupancy and Approval. We will NOT inspect any work performed without a permit.

A final caution - projects completed without permits are a nightmare for owners who sell their home years later. Without proper documentation, prospective buyers can be lost and the value of your property diminished. Besides breaking the law, your finished construction might be unsafe.

Please contact us before starting any construction so your project is safe and completed to code. Thank you.

973.838.6471 / (c) 973.864-0815

SNOW ORDINANCE SUMMARY

84-21 PARKING UNLAWFUL DURING AN EMERGENCY: The Chief of Police, or authorized personnel, may post emergency, no-parking signs when required. No one may park where these signs are posted. Owners of any vehicles that were parked prior to the sign postings will be notified so they can move their vehicles.

84-22 PARKING UNLAWFUL DURING UNSAFE SNOW CONDITIONS: An unsafe snow condition exists when it is snowing and the snow is accumulating and covering the roadways requiring them to be plowed or salted. Vehicles are prohibited from parking on any road until the unsafe snow condition is over, i.e., it has stopped snowing, the roads have been cleared, and normal traffic flow has safely resumed.

84-23 REMOVAL OF VEHICLES ^{EN(1)}: Any unoccupied vehicle violating the two ordinances above will be removed at the owner's expense. All towing and storage fees will be paid by the owner before the vehicle is returned.

84-24 REMOVING ON TO MUNICIPAL ROADWAYS:

No person(s) shall move any snow or ice onto any roadway from the property they reside on - even if they are not the property owner (i.e., a tenant or occupant.) If you violate this rule, you will be fined a \$100 penalty for the first offense. For each subsequent offense, the penalty will increase by \$100 increments - not to exceed \$1,000.

Since 1979, our talented volunteers have successfully supported the Library with a variety of programs and services. Since 1995 the Friends have funded over \$1,200,000 in materials, programs and services. Come join us and help with our:

- **Membership Mailing.** This semi-annual fundraising letter is vital in explaining precisely how your contributions are being spent and how important your continued support is to the Library and the Community.
- **Annual Book Sale.** Thousands of used books are sold at this event. People begin donating books in late July at the Kiel Avenue Firehouse.
- **Annual Kinnelon Service Directory.** This unique reference guide is distributed to all households in Kinnelon free-of-charge. It features local business advertisers and residents (Boosters) who so generously support us in this endeavor.
- **Children, Teen and Adult Programs.** The Friends are funding 100% of all the materials and services for adults, children, and teens. This includes books, periodicals, newspapers, media, digital media, and museum passes.
- **Shredding of Documents.** We offer shredding of documents for a nominal fee twice a year. You may view your documents being shredded by a remote camera inside the truck.
- **Forever-in-Stone Personalized Pavers.** These pavers not only memorialize a significant person or event but also enable their donors to visibly share that remembrance with all who enter and exit our building. Please call the Library (or fill out a form) for more information and a Friend of the Library will contact you.
- **Fundraisers.** We constantly offer events that support our Library and Community such as our Educational Tours and other activities.

Compassionate Care Hospice's practices support hospice philosophy to its fullest. Hospice provides palliative support and care for persons in the last phases of incurable disease so that they may live as fully and comfortably as possible. Hospice recognizes dying as part of the normal process of living and focuses on maintaining the quality of remaining life. Hospice affirms life and neither hastens nor postpones death. Hospice exists in the hope and belief that through appropriate care, and the promotion of a caring community sensitive to their needs, patients and their families may be free to attain a degree of mental, social, physical and spiritual preparation for death that is satisfactory to them.
