**ATTENTION: HOMEOWNERS**

**PLANNING ANY ALTERATION OR CONSTRUCTION PROJECT**

All Kinnelon homeowners **are required to have a building permit** before starting any alteration or construction project on their property. A zoning variance may also be needed. Please abide by the following:

1. **A building permit must be obtained before starting construction** on a house, deck, garage, pool, or accessory building. A permit is also required for oil tank removal, abatement, oil-to-gas conversion, etc. Depending on the project, other permits may be necessary.
2. **Smoke Rise residents must obtain additional permits** from the Smoke Rise Architectural and Variance Committee. Please call them at 973.838.7449 before you start any work.
3. **A zoning variance must be obtained if** a proposed structure affects the Borough's Zoning Ordinance(s). For example, a zoning variance is required if your project approaches property boundaries more closely than allowed by the Borough code or exceeds the allowable height.
4. **Our Department Officials must complete all inspections** of your project before we issue a Certificate of Occupancy and Approval. We will NOT inspect any work performed without a permit.

**A final caution** - projects completed without permits are a nightmare for owners who sell their home years later. Without proper documentation, prospective buyers can be lost and the value of your property diminished. Besides breaking the law, your finished construction might be unsafe.

**Please contact us before starting any construction** so your project is safe and completed to code. Thank you.

**EMERGENCY MANAGEMENT AND SHELTER**

Ronald Reckler – Coordinator

973.838.5401 x201

**EMERGENCY WARMING & COOLING CENTER**
