ATTENTION: HOMEOWNERS
PLANNING ANY ALTERATION OR CONSTRUCTION PROJECT

All Kinnelon homeowners are required to have a building permit before starting any alteration or construction project on their property. A zoning variance may also be needed. Please abide by the following:

1. A building permit must be obtained before starting construction on a house, deck, garage, pool, or accessory building. A permit is also required for oil tank removal, abatement, oil-to-gas conversion, etc. Depending on the project, other permits may be necessary.

2. Smoke Rise residents must obtain additional permits from the Smoke Rise Architectural and Variance Committee. Please call them at 973.838.7449 before you start any work.

3. A zoning variance must be obtained if a proposed structure affects the Borough’s Zoning Ordinance(s). For example, a zoning variance is required if your project approaches property boundaries more closely than the Borough code allows or exceeds allowable height.

4. Our Department Officials must complete all inspections of your project before we issue a Certificate of Occupancy and Approval. We will NOT inspect any work performed without a permit.

A final caution - projects completed without permits are a nightmare for owners who sell their home years later. Without proper documentation, prospective buyers can be lost and the value of your property diminished. Besides breaking the law, your finished construction might be unsafe.

Please contact us before you start any construction so your project is safe and completed to code. Thank you.

**SNOW ORDINANCE SUMMARY**

**84-21 PARKING UNLAWFUL DURING AN EMERGENCY**: The Chief of Police, or authorized personnel, may post emergency, no-parking signs when required. No one may park where these signs are posted. Owners of any vehicles that were parked prior to the sign postings will be notified so they can move their vehicles.

**84-22 PARKING UNLAWFUL DURING UNSAFE SNOW CONDITIONS**: An unsafe snow condition exists when it is snowing and the snow is accumulating and covering the roadways requiring them to be plowed or salted. Vehicles are prohibited from parking on any road until the unsafe snow condition is over, i.e., it has stopped snowing, the roads have been cleared, and normal traffic flow has safely resumed.

**84-23 REMOVAL OF VEHICLES EN(1)**: Any unoccupied vehicle violating the two ordinances above will be removed at the owner’s expense. All towing and storage fees will be paid by the owner before the vehicle is returned.

**84-24 IMPROPERLY REMOVING SNOW FROM PRIVATE PROPERTY**: No person(s) shall move any snow or ice onto any roadway from the property they reside on - even if they are not the property owner (i.e., a tenant or occupant.) If you violate this rule, you will be fined a $100 penalty for the first offense. For each subsequent offense, the penalty will increase by $100 increments - not to exceed $1,000.

- Over 13,900 students since 1993 have experienced ‘Adventures in Learning’
- CLL is an all-volunteer organization and is self-supporting with its own Board of Governors
- CLL now has 350-400 students each semester inspired by 45-50 volunteer instructors
- CLL has two, 10-week semesters each year featuring 15-18 courses
- Every semester is a new experience with stimulating courses
- Wide Interest – 40% of students come from 25-30 communities other than Kinnelon. A modest semester fee allows students to take as many courses as they want each semester

CLL Is Much More Than Just ‘Adventures in Learning’

CLL focuses on providing needed funding for the increase in a wide variety of entertaining, self-help and interactive programs offered by the Library for adults, children and teens.

- Since 2005, CLL has provided more than $160,000 of funding!
- When combined with the funding from The Friends of the Library, the total contribution to the Library since 1995 has been $1,180,000

This is Remarkable for a Community of Our Size!

It is this dedication and commitment to the community that has made CLL the very special & unique program it is today.

Meetings are held at the Kinnelon Library (2nd Floor Meeting Room) on the 2nd Tuesday of the month at 4:00 PM and are open to the public.
Since 1979, our talented volunteers have successfully supported the Library with a variety of programs and services. Since 1995 the Friends have funded over $1,000,000 in materials, programs and services. Come join us and help with our:

- **Membership Mailing.** This semi-annual fundraising letter is vital in explaining precisely how your contributions are being spent and how important your continued support is to the Library and the Community.

- **Annual Book Sale.** Thousands of used books are sold at this event. People begin donating books in late July at the Kiel Avenue Firehouse. This is a significant fundraiser and volunteers are always needed!

- **Annual Kinnelon Service Directory.** This unique reference guide is distributed to all households in Kinnelon free-of-charge. It features local business advertisers and residents (Boosters) who so generously support us in this endeavor.

- **Children, Teen and Adult Programs.** The Friends are funding 100% of all the materials and services for adults, children and teens. This includes all books, periodicals, newspapers, media, digital media and museum passes.

- **Forever-in-Stone Personalized Pavers.** These pavers not only memorialize a significant person or event but also enable their donors to visibly share that remembrance with all who enter and exit our building. Please call the Library (or fill out a form) for more information and a Friend of the Library will contact you.

- **Fundraisers.** We constantly offer events that support our Library and Community such as our Document Shredding Program, Barn Theatre Night, Educational Tours and other activities.
